Solving, Empathy, Leadership, Adaptability,
Collaboration.

Vedant Joshi :)

Interaction Designer @IIT Hyderabad

HI,

Vedant here! I am a passionate Design learner. Adept in communication, art and design, I prioritize work with creativity. I love teamwork and solving problems with almost dedication.

EDUCATION

Foundation Course, Abnave Kala-Mahavidyalay 2017-2018

GD Art Diploma, Abhinav Kala-Mahavidyalay 2018-2022

-Advertising - Photography - Drawing

BFA, MIT World Peace University 2022-2023

-Illustration - Graphic Design - UI/UX

M.Des Interaction Design, IIT Hyderabad 2023-Present

-Publication - Data/Information Design
-Animation - AR/VR/MR - Branding

EXPERIENCE

Kaphal Studio

Oct2023-Present

Student Mentor

- At Kaphal, I help students solve problems for UEED, CEED, NID, NIFT, etc. The sessions are all about me helping the students in Sketching, Visualization, and Creativity.
- There are various factors for which students are judged during the examination, and I present those to the learners.
- Starting in February 2024, I began teaching batches. Initially, it was 1-o-1 sessions, and now there are around 15+ students. **It is giving me immense joy to teach.** It doesn't go one-sided; I also learn a lot from my students. Maybe it is skills, sketching or something as simple as an ideation.

NCERT

Feb2023-April2024

Graphic Artist, NCERT

- NCERT(National Council Of Educational Research And Training) hosted an event where **we crafted books** for people who are 15+ but cannot read and write.
- Me and my teammate were asked to make a **Graphic narrative**. The story was pre-decided, but we could make some changes.
- The project lasted for a good three months. With the help of the NCERT Team, Nina Sabnani, and my faculty guide, the book is on their website.

SOFTWARES

Premiere Pro

Illustrator

Photoshop

Figma

Blender

Lightroom

3Ds Max

Unreal Engine

HOBBIES

Sketching, Badminton, Photography,
Video Editing/Caputring, Running

CERTIFICATIONS

- User Experience & Interaction Design
- for AR/VR/MR/XR
- Mastering Lighting & Shading
- Character Drawing
- Adobe Illustrator CC
- Lightroom
- Photoshop

PicaPool

Nov2023–April2024

Illustrator

- **Illustrating the Mascot**
- Understanding **User Needs** and **User Experiences** making illustrations and coordinating with the entire team.
- Getting **inspired to learn figma** from my amazing teammates.

Transparent Capital

May2021–Aug2021

Graphic Designer

- At Transparnt Capital my work was coordinating with the founders for the designs, making business cards, signatures, posters, and social media posts.

Freelancing

Oct2021–July2021

- Photography for Restraurants, creating Tickets–Posters, Drawing Portraits, Paintings, making Logos are some of the things I explored in the freelancing journey.

EXTRA CURRICULAR

Ayam

Dec2023–Feb2024

Multimedia Head

- Capturing BTS
- Making a Social Media plan and uploading reels on Instagram, which within the period of 10 days received 30k+ views .
- Leading a creative team of 10 people and creating a timetable for the four-day event.

Inter IIT

24th–30th Dec2023

Graphic Designer

- It was an **unforgettable experience** that taught me valuable life lessons. The journey and the people I met were beyond anything I could have imagined. I took part in a **Charcoal Art competition** where we had to create an art piece in about four hours. Competing against other IITs was challenging. With my two teammates, we completed the painting and achieved 7th place. Some key takeaways include:
- **A memorable incident that has now become a story**, teaching me confidence, stress management, and patience.
- The importance of **teamwork** and managing time effectively.
- The benefits of **interaction and networking**.

TedX

Feb023–Apr2024

Media Assistant Coordinator

- **Media Coverage** of the entire event, setting up **Stage Lighting**.

International Relations, (IR Cell)

Sept2023–April2024

Multimedia Coordinator

- IR Cell (International Relations Cell) at IIT Hyderabad allowed me to interact with and cover the journey of Japanese students. Filming the trip, taking photos, interacting with the exchange students, and networking with them.

More Coming Soon....
